Hereinafter called Buyer(s) This agreement concerns the Bengal Kitten described below

Call Name _____

DOB: _____ Color: _____

Sire: _____

Dam: _____

TICA Registration: _____

TICA Registration: _____

Sold as: Pet

Total Price: \$ _____ Deposit amount/date: _____ Balance/paid on: \$ _____

Terms of Sale: Payment in full prior to release of kitten and breeding stipulations described within this contract.

Breeder guarantees that the above described cat is a purebred Bengal Male/Female cat with an accurate pedigree and is registered with THE INTERNATIONAL CAT ASSOCIATION, INC (TICA). Breeder further guarantees that to the best of Breeder's knowledge, at the time of leaving the cattery, the cat has been immunized against feline viral diseases, tested negative for known active parasites, and of a stable, affectionate temperament. Breeder is not liable for the effects of errors and/or mishandling on the part of the Buyer.

Buyer promises and warrants that this cat will be an indoor animal, not allowed to roam freely outside. This animal will not be confined to a cage for extended periods of time. Under no circumstances will this cat ever be sold, leased, or given away to any pet shop, humane shelter, research facility or similar facility. If for any reason whatsoever this cat cannot be kept by the Buyer, Breeder shall be given the first opportunity to have this kitten returned at Buyer's expense. Should Breeder be unable to take the said cat, then the cat may be offered for sale to another party with Breeder's knowledge and with the stipulations stated above understood and agreed to by any future owner. Buyer agrees that this cat **will not be declawed**. If declawed, the cat may exhibit significant changes in temperament and behavior. Buyer further warrants that this cat will receive all necessary veterinary care and adequate food, water, and grooming, as well as human attention. If at any time the cat is found to be malnourished, abused, or neglected, Buyer will surrender said cat to Breeder unconditionally with no refund of purchase priced to be made.

Buyer agrees pet kittens are sold with **NO breeding rights** and shall be spayed/neutered between 4 to 12 months of age. Proof of spay/neuter certificate to be mailed or emailed to Breeder for release of TICA registration certificate.

Breeder recommends and it is Buyer's responsibility to have this cat seen by a licensed veterinarian for a thorough examination within the first week after cat is received. WE SUGGEST THAT THE CAT BE PLACED IN QUARANTINE DURING THIS TIME. (ie, bathroom or separate space away from other pets and not be allowed to hide as this does not promote healthy socialization with new family members) Health is guaranteed for a period of one week from the time the kitten leaves the breeder's possession. Buyer must take the cat/kitten to the vet at Buyer's expense within this time period for this guarantee to be valid.

Under certain circumstances (to be evaluated by Breeder) a kitten can be returned after the guarantee period has expired with **no refund**. Cat must receive a clean bill of health from vet via: health certificate before being returned as to prevent any illness to Queen City Bengals Cattery cats. It is the responsibility of Buyer, at the Buyer's expense, to provide any and all veterinary care to any kitten showing signs of illness of distress, and failure to do so will render any guarantee null & void.

All veterinary bills are the responsibility of the Buyer. Under no circumstances is this cat to be destroyed prior to notification by the Buyer to the Breeder. The corona virus is very common in cattery situations as well as in multi-cat households, thus Breeder cannot guarantee against FIP. **No cash refunds**.

Should this kitten die before the age of 2 years as a result of congenital defect not known at time of sale, said kitten will be replaced with kitten of same quality only if an appropriate necropsy is performed by a licensed veterinarian and a vet's certificate is provided showing exact proof of the cause of death.

Special Comments: (1) Breeder has the right to contact Buyer's veterinarian and obtain any and all medical information pertaining to this kitten. Buyer is required to disclose name, address and phone number of Veterinarian upon request from Breeder. (2) Breeder is to be contacted promptly if any visible signs of abnormalities are seen. (3) All disputes regarding this contract are to be litigated in Mecklenburg County, NC, based upon the laws effective in Queen City Bengals Cattery home jurisdiction. (4) Buyers are responsible for his/her/their own attorney fees and all other costs of such litigation.

Signatures below indicate full agreement of all terms and conditions set forth in this contract.
